

Procedure for CSP account in the case of mergers, name changes, etc.

When does the existing CSP account have to be closed?

The existing CSP account has to be closed if your [UID](#) changes.

- If necessary, you can apply for a new CSP account for the new company with the new UID.

[Opening a CSP account \(admin.ch\)](https://admin.ch)

- You can notify us of the closure, including your payment details for any repayment of the cash deposit, and apply for the new CSP account via email.

When can the existing CSP account continue to be used?

You can continue to use the CSP account if your [UID](#) does not change.

Examples:

- Name change without a change of UID
- Address change without a change of UID
- Merger where the new company continues to operate under one of the existing UID; the CSP account for the UID no longer used has to be closed
